

Current Bethany Courses Aligned to New MA Program Objectives

Students in Bethany's MA program critically engage in a robust educational process that prepares them to:

1. Interpret Scripture, tradition, and theology.
2. Communicate faith and values with contextual awareness.
3. Integrate learning that is interdisciplinary, intercultural, and imaginative across one's program of study.
4. Demonstrate expertise in an Area of Concentration, through coursework and a thesis or portfolio.*

*Do not select MA Objective #4. This is only for those courses in Area of Concentration
